

COMMISSION TO MODERNIZE STATE PROCUREMENT Public Regional Meeting

Governor Larry Hogan's **Commission to Modernize State Procurement**, chaired by Lt. Governor Boyd Rutherford, will host three regional meetings.

The first Public Regional Meeting will be held:

**Tuesday, May 10, 2016
10 AM to 12 Noon
Kenhill Center
2614 Kenhill Drive
Bowie, Prince George's County**

Parking is available in front of and next to the Kenhill Center

Because the State of Maryland spends \$ 4 billion annually on goods and services, the Commission seeks to engage Marylanders in its efforts to ensure that State contracting is efficient, transparent, and equitable for businesses and produces the best value at reasonable prices for Marylanders.

Everyone is invited to attend this public meeting. You will have the opportunity to address the Commissioners. Business owners are encouraged to share their experiences with the State procurement process and their ideas on improving it. [Note that discussion will **not** focus on specific bids, contracts, or disputes.]
