

# **COVID-19 VACCINE BRIEFING**

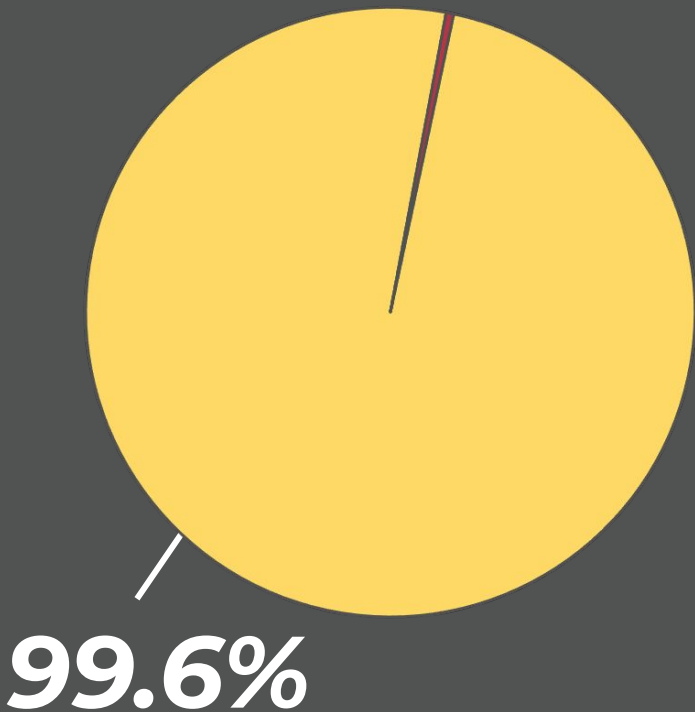

**The answer to our current situation is testing and therapeutics. The solution to ending this pandemic is vigilance and vaccines.**

**Vaccines are approved by  
America's leading medical  
experts and are highly effective  
at preventing COVID-19 illness.**

**Getting vaccinated is critical to  
keeping you, your family, your  
friends, and your community  
healthy and safe.**
