PRIMARY CARE PHYSICIANS

- **Practices will be able to call patients directly to schedule vaccine appointments**

PRIMARY CARE PHYSICIANS

- **Initial 37 practices throughout the state have been chosen to participate with focus on demographic and geographic equity**

NEW COMMUNITY VACCINATION PROGRAM

- **Led by Maryland Health Services Cost Review Commission**
- **Utilizing “Maryland Model” to fund hospital-led, community-based vaccination initiatives**

MOBILE CLINICS

- **Launching in hard-to-reach, rural areas**
- **Mobile units provided by Maryland School of Nursing to be deployed and staffed by Maryland National Guard**

We have built the infrastructure capacity and are being promised the supply to be able to vaccinate all Marylanders in the next couple of months.

**Please get vaccinated when
it is your turn.**

The bottom of the image features a decorative graphic consisting of two overlapping, upward-pointing triangular shapes. The top shape is a lighter shade of yellow, and the bottom shape is a darker, more vibrant orange. They are positioned at the bottom of the frame, creating a modern, abstract base for the text above.
